

**Dressage Winnipeg is
committed to promoting
the sport of dressage
in Manitoba**

Dressage is the foundation for excellence in equestrian sport. Its aim is for two athletes, human and horse, to work together in mutual respect to achieve personal and competitive riding goals. Dressage can be as basic as learning the correct and effective use of riding aids - the hands, legs and seat in communication with the horse when astride - and it can be as complex as a carefully choreographed and ridden Freestyle or Pas de Deux at the Grand Prix level.
